President 2024
Society of Structural Engineers - Sri Lanka

31st January 2024

PREAMBLE

SOCIETY OF STRUCTURAL ENGINEERS - SRI LANKA
DIRECTORY OF STRUCTURAL ENGINEERS
AND CONSULTANT STRUCTURAL ENGINEERS - OCTOBER 2022

IMPORTANT

This **DIRECTORY** has been prepared by the Society of **Structural Engineers - Sri Lanka**, for the use of potential employers and Clients, as well as public bodies and other authorities, who may wish to secure the services of a properly qualified and experienced Structural Engineer or Structural Engineering Consultant

In order that one may get the best out of this **DIRECTORY**, the following points may be noted.

1. The **Society** is a non-profit organization incorporated in **1993** under the **Companies Act**. It was incorporated by an Act of Parliament on **24 of July 2009** and the notice was published as a **supplement to Part 11 of the Gazette of the Democratic Socialist Republic of Sri Lanka of July 24, 2009**.
2. **Membership of the Society of Structural Engineers-Sri Lanka** is not obligatory for those engaged in the practice of **Structural Engineering** there is no legal sanction attached to not being a member of the Society. Nevertheless, most of the senior Sri Lankan engineers connected with the practice of Structural Engineering have become members.
3. In the past, Civil and Structural Engineers in Sri Lanka were encouraged to obtain recognition of their engineering proficiency by obtaining Corporate Membership of **The Institution of Civil Engineers (MICE) UK** and/or **The Institution of Structural Engineers (MIStructE) UK**, now they tend to give priority, instead, to obtaining Corporate Membership of **The Institution of Engineers, Sri Lanka**.
4. The Institution of Engineers, Sri Lanka, which has been long established by Act of Parliament, is authorized to grant to appropriately qualified persons in various fields, such as Civil Engineering, Mechanical Engineering, Electrical Engineering, Chemical engineering etc. the title of **“Chartered Engineer”** or **“CEng”** to be used after their names, together with the acronym **“MIE” (SL)**.
5. Senior members of all three of the aforementioned Institutions may also have chosen to apply for and, if sufficiently experienced, been granted "Fellow" of the relevant institution, through an application process. Thus, the qualifications **(MIE) SL**, **MICE** and **MIStructE** have, in their cases, been converted to **FIE (SL)**, **FICE** and **FIStructE**.

2. PREAMBLE

6. The Society's general membership includes both those with and without the statutory right to call themselves “Chartered Engineers”. However, **only those members of the Society who have already attained the status of “Chartered Engineer” in the field of Civil Engineering from the Institution of Engineers, Sri Lanka**, have been permitted to submit their applications for inclusion of their names in the **DIRECTORY**.
7. It may be noted that, whilst Civil Engineers engage themselves in the planning, design and construction of dams, tunnels, irrigation facilities, roads, ports, airport pavements, harbours etc., Structural Engineers are generally more involved with buildings, bridges, stadia, towers, foundations etc.

Appendix 01

Eligibility Criteria – Corporate Members

A. Eligibility (Extract from by – Laws)

Every candidate for admission or transfer to the class member shall satisfy that he is

1. Sri Lankan resident who is not less than 25 years of age.
2. A person holding a four-year degree in Civil/ Structural Engineering from a University recognised by the Institution of Engineers, Sri Lanka

or

3. any other qualification recognised by the Institution of Engineers, Sri Lanka as equivalent to the four-year Civil/ Structural Engineering degree and holding the Corporate Membership of the Institution of Engineers, Sri Lanka,

and

4. being an Associate member of the Society of Structural Engineers, Sri Lanka for a minimum period of one year

and

5. practicing the profession of Structural Engineering for a minimum period of four years under a Corporate member of the Society of Structural Engineers, Sri Lanka, or in a recognized design office under a Corporate Member of the Institution of Engineers, Sri Lanka, accepted by the Executive Committee of the Society on full-time basis after obtaining the degree or qualifications equivalent to the degree else (or) holding an academic post (permanent) in Structural Engineering attached to an Engineering Faculty recognized by the Institution of Engineers, Sri Lanka.

unless otherwise

6. **he possesses six years of experience after graduation as a practicing structural engineer or academic active in the field of structural engineering on a full-time basis fulfilling the minimum requirements of Corporate Membership of the Institution of Sri Lanka.**

B. Professional Review Interview

An interview by panel will be conducted to assess the candidate's suitability for admission as a member of the society. The interview will be based on the work experience report submitted by the candidate and the panel will assess the degree of professional involvement and his personal contribution in the field of structural engineering.

C. Proposer and Seconder

The proposer and seconder should be a corporate member of the society.

The proposer and seconder should satisfy themselves to the suitability of the candidate to the grade of membership applied for and that the form is correct filled and legibly written, and is submitted together with all original certificates for inspection.

Appendix 02

Eligibility Criteria – Fellows

1. Candidate shall be more than 40 years of age.
2. Shall be holding Corporate Member status of the Society and holding Corporate membership of a recognized Institution in Civil / Structural Engineering and practicing the profession of Structural Engineering for a period of not less than 10 years after obtaining Member status.
3. Shall possess a minimum of 10 years experience which is considered superior to that required for Corporate Membership.
4. The Candidate shall;
 - a) Be able to show that, during a minimum of 10 years of experience which is considered superior to that required for Corporate Membership, he/she was responsible for structural designs and supervision of execution of structural engineering works of large Buildings and / or Civil Engineering Projects.
 - b) Be able to show that he/she has been in charge of a structural engineering practice / section having several chartered / graduate engineers worked under his charge.
 - c) Have made some outstanding contributions to the field of structural engineering in designs, management, development and research.
5. The Candidate shall submit a Career Report or Detailed Curriculum Vitae (CV) containing his involvements in Engineering particular in Structural Engineering.

The Career Report / CV shall have minimum 2000 words including the following areas,

- a) Education Qualifications
 - b) Professional Qualifications
 - c) Post-graduate Work experience
 - d) Conferences, Seminars, Workshops and Question Time programs attended.
 - e) Details of Publications and Presentations on subjects connected with Engineering particularly on Structural Engineering.
 - f) Professional activities and contributions to the Engineering profession.
 - g) Post graduate research or supervising of research works / studies carried out by graduate engineers.
 - h) Any other information which may be useful to evaluate as described under item 6.
6. The Candidate will be assessed on the following competences through details given in the Application, Career Report / CV.
 - a) Experience as a Structural Engineer after fulfilling requirements for election as a Corporate Member in Structural Engineering. (Experience in Design Office Management and/or Senior Management Position at reputed Engineering Organization or Senior Academic Posts at recognized University connected with Structural Engineering will be considered.) *(40% marks)*
 - b) Continuing Professional Development (Post-graduate Diploma and Degrees in Structural Engineering, active participation of Conferences and Seminars connected with Structural Engineering particularly by publishing technical papers or making presentations, holding key positions in professional organizations / institutions connected with Engineering etc.) *(20% marks)*
 - c) Details of Publications and Presentations on subjects connected with Engineering particularly on Structural Engineering. *(15% marks)*
 - d) Research, Innovations and Development in Structural Engineering Field. *(15% marks)*

- e) Professional Activities (active involvement in professional Institutions, Societies and Committees particularly connected with Engineering). *(10% marks)*

Note: Candidate shall score minimum 50% from each category and the Total marks shall be not less than 60%)

6. A two member panel appointed by the Executive Committee will evaluate the Fellowship Application together with other documents / information. The Candidate may be interviewed by the same panel if required.

Appendix 03

Eligibility Criteria – Honorary Fellows

A person of eminence who, in the opinion of the executive committee, has made an outstanding contribution in the field of Structural Engineering or in a closely allied field may be elected an Honorary Fellow of the Society by a two-thirds majority of the total number of members of the Executive Committee.
